

How to access our
course material via the web

http://psychology.gau.edu.tr

The screenshot shows a web browser window with the address bar displaying <http://psychology.gau.edu.tr/>. The browser's menu bar includes File, Edit, View, History, Bookmarks, Tools, and Help. The page content features a dark navigation bar with the GAU Psychology logo and links for Home, People, Undergraduate BSc, Postgraduate MScs, Jobs, and Contact. The main header reads "Psychology at GAU: Professional & Research" and includes a brief description of the department's specializations. Below this are three columns: "About Us", "Undergraduate", and "Masters", each with a brief description and a "Learn More" link. A large "Psi" symbol is prominently displayed on the right side of the main content area. At the bottom right, there is a recruitment notice: "GAU Psychology is hiring new faculty" with details about available positions and the university's logo. The Windows taskbar at the bottom shows the system tray with the time 11:55 AM and several open applications like Microsoft PowerPoint and the GAU website.

The GAU E-Learning (Moodle) System click on course

The screenshot displays the GAU E-Learning (Moodle) System interface. At the top, the browser window shows the URL <http://elearning.gau.edu.tr/moodle/course/category.php?id=74>. The page title is "GAU E-LEARNING SYSTEM: Courses". The user is not logged in, as indicated by the text "You are not logged in. (Login)".

The breadcrumb navigation shows "GAU-ELS > Course categories > Psychology". A search bar with the text "Search courses" is present. Below this, a dropdown menu shows the selected course categories: "UNDERGRADUATE PROGRAMS / The Faculty of Humanities / Psychology".

Two course listings are displayed:

- Research Design in Psychology**
Teacher: Mark Ashton Smith
Description: This course is a study of basic research methods in psychology with emphasis on experimentation. Different experimental designs and appropriate statistical procedures to analyse data, interpretation of results and report writing will be studied.
- Experimental Psychology I**
Teacher: Mark Ashton Smith
Description: A course designed to acquaint students with the theories of learning and related research. Primary concerns of the course relate to classical and operant conditioning, reinforcement and reinforcement schedules, discrimination and generalization.

At the bottom of the course listings, there is another search bar with the text "Search courses".

At the bottom of the page, the text "You are not logged in. (Login)" is displayed, along with a "Home" button. The footer shows the page load time: "0.121291 secs" and "Included 41 files".

The Windows taskbar at the bottom shows the system tray with the time "12:06 PM" and several open applications: "Microsoft PowerPoint", "GAU-ELS: Psycholo...", and "Adobe Photoshop".

Is this your first time here?

Hi! For full access to courses you'll need to take a minute to create a new account for yourself on this web site. Each of the individual courses may also have a one-time "enrolment key", which you won't need until later. Here are the steps:

1. Fill out the New Account form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be logged in.
5. Now, select the course you want to participate in.
6. If you are prompted for an "enrolment key" - use the one that your teacher has given you. This will "enrol" you in the course.
7. You can now access the full course. From now on you will only need to enter your personal username and password (in the form on this page) to log in and access any course you have enrolled in.
